| Summary  | <p>Dedicated 2nd year Computer Science student with a strong foundation in programming, data structures, and technical troubleshooting. Proficient in Java, C, and Python, with additional coursework in algorithms, assembly language, and discrete mathematics. Eager to apply analytical and problem-solving skills in a challenging internship role to gain hands-on industry experience.</p>  |                 |  |
| Experience   | <div><div><div>I'm Working On I.T.</div><div>August 2020 - September 2020</div><div>I.T. Specialist</div><div>Latsia, Nicosia</div><div><div></div><div>https://imworkingonit.net/</div></div><p>In my role as an <b>IT Specialist</b> at a tech retail shop, I provided hands-on technical support and guided customers in achieving optimal solutions for their tech needs. Key contributions included:</p><ul style="list-style-type: none"><li><b>Custom PC Builds:</b> Assembled high-performance, tailored PCs for gaming and productivity, ensuring specifications met client demands and enhancing their user experience.</li><li><b>Device Maintenance &amp; Repair:</b> Diagnosed, repaired, and optimized PCs, laptops, and consoles to extend device lifespan and improve performance.</li><li><b>Customer Support:</b> Advised customers on selecting the best components and peripherals, boosting their confidence and satisfaction with knowledgeable recommendations.</li></ul><p>My experience at I’m Working On I.T. fueled my passion for technology and problem-solving, establishing a solid foundation in tech support and customer relations.</p></div></div>  |                 |  |
| Education  | <div><div><div>University of Cyprus</div><div>September 2023 - Present</div><div>Computer Science</div><div>BSc</div><div>GPA: 7.46</div><p>Currently pursuing a Bachelor’s degree in Computer Science at the University of Cyprus, with a solid foundation in both theoretical and practical aspects of computing. Completed coursework includes <b>Calculus I &amp; II</b>, <b>Programming Principles</b>, <b>Object-Oriented Programming (Java)</b>, <b>Discrete Mathematics</b>, <b>Computer Organization</b>, and <b>Linear Algebra</b>. Currently advancing my expertise in <b>Data Structures and Algorithms (Java)</b>, <b>C Programming</b>, <b>Assembly Programming</b>, and <b>Probability and Statistics</b>.</p><div><div>Apostolos Varnavas Lyceum</div><div>September 2019 - June 2022</div><div>Informatics and Networks</div><div>Science</div><div>GPA: 19.22/20   Pancyprian Examinations Score: 19.41/20</div><p>Completed rigorous coursework in Physics, Mathematics, Modern Greek, Informatics (C++ Programming), and Networks. Achieved the <b>11th highest score</b> in the Pancyprian Examinations for Computer Science, securing my place in the University of Cyprus's Computer Science program. This accomplishment reflects my strong academic foundation and dedication to pursuing a career in technology.</p></div></div></div> |                 |  |
